# WEATHERING

Chinese Grey

Naturally split grey slates with a riven texture. A proven alternative to reclaimed slates, as it can weather to varying shades within a relatively short period of time, making it ideal for refurbishment or repair projects. Almost free from potentially damaging pyrites.

**SS01**    **STANDARD**    **5-7mm**

Sizes (cm):    **50 x 25**  
                      **60 x 30**

## Technical Specification

European Standard:    **EN 12326-1**

## Test Results

SO2 Exposure Test:    **Complies S2**

Thermal Cycle Test:    **Complies T1**

Water Absorption:    **Complies W1**

Contents of Carbonate:    **Complies <2%**
